Green Air Trading Enterprises
gateway to a greener tomorrow **India Pvt. Ltd.**

www.gate-india.net

Company Profile

Founded in 2009, Green Air Trading Enterprises has established itself as a company offering superior products and services to its customers. We provide a wide array of HVAC products for Corporate, Commercial and Residential requirements. Our product range consists of Fans (Vane Axial, Centrifugal and HVLS), CHW Pumps, Fabric ducts and Air Purification Systems. Our installations include Software campuses, Offices, Business establishments, Hotels, Hospitals, Schools, Commercial complexes and various industries.

GATE has a team of competent engineers who understand the dynamics of different industries and can advise the client on the best product / solution for a specific requirement. We offer customised solutions to technical problems and guide the customer throughout the installation. We also offer excellent after sales support when needed. We also provide our services in conducting comprehensive analysis of existing air conditioning and ventilation system of a facility and offer better solutions for reducing power consumption and greater energy utilisation.
